BERSERKER

Wrath and Ruin. The Berserker is destruction. He knows not fatigue nor caution—both surely driven away from him in a relentless fury. Those of barbaric nature are said to eat only the dust of war and drink naught but the blood of those felled by their own hand.

Death is no stranger, for it is said that even death fears to take a Berserker before his battle Rage is satiated. Once a Berserker has begun to fight, he only grows stronger, fueled by battle-lust and an unending Rage. The deadliest among them is not the well-rested, but those who are pushed to the brink through combat. It matters not what a Berserker takes up, be it axe or sword; flesh will be hewn from bone and heads from shoulders. Many have caved under the Berserker's primal might—sword and spell are but straw in the wake of unbridled Rage. As a Berserker, you can:

- **Become a raging, damage-dealing machine.** Greet death as an old friend and keep on fighting!
- **Increase your damage to unbelievable levels.** The longer a fight goes on, the more your Rage intensifies, allowing you to deal out incredible amounts of brutality.
- **Use your Savage Arsenal.** Choose abilities to crush your foes and laugh in the face of death!

BERSERKER

Key Stats: STR, DEX **Hit Die:** 1d12 **Starting HP:** 20

Saves: STR+, INT- **Armor:** None **Weapons:** all STR weapons

Starting Gear: Battleaxe, Rations (meat), Rope (50 ft.)

LEVEL 1 **Rage.** (1/turn) Action: Roll a Fury Die (1d4) and set it aside. Add it to every STR attack you make. You can have a max of KEY Fury Dice; they are lost when your Rage ends.

That all you got?! When you are attacked, you may expend 1 or more Fury Dice to reduce the damage taken by STR+DEX for each die spent.

Your Rage Ends... If you leave combat, drop to 0 HP, or go 1 round without attacking or Raging.

Yes! You can Rage and gain another Fury Die even if you are already Raging. If you are already at your max, roll as normal and decide which ones to keep. Your Fury Dice are **dice** when calculating damage for monster armor.

LEVEL 2 **Intensifying Fury.** If you are Raging at the beginning of your turn, roll 1 Fury Die for free.

THE CHEAT

ARTIST: JOSEPH QIU

Cloak and dagger... and dagger. The common Cheat doesn't call herself a Cheat, of course—rather, a streetsmart rogue, a survivalist, or a liberator of unused goods. They are masters of stealth, pickpocketing, and smooth talking. Some of the more vicious ilk are masters of death-dealing as well.

Cheats can be found in every city and byway under countless different names, but they all believe something similar: It's a cruel, merciless world, and those who aim to survive don't have time for silly things like "morals" or "honor." Those are luxuries of the rich and powerful. Honor gets you killed—survival is about taking what you want, when you can. As The Cheat, you can:

- **Break the rules!** You can change the dice you roll to whatever numbers suit you best!
- **Sneak in and backstab** enemies with devastating critical hits, taking down even huge, heavily-armored foes with a single blow!
- **Fight dirty** with pocket sand, low blows, and vicious blades. When things get out of hand, disappear into the night, and live to cheat another day!

THE CHEAT

Key Stats: DEX, INT **Hit Die:** 1d6 **Starting HP:** 10

Saves: DEX+, WIL- **Armor:** Leather Armor **Weapons:** DEX Weapons

Starting Gear: 2 Daggers, Sling, Cheap Hides, Chalk

LEVEL 1 **Sneak Attack.** (1/turn) When you crit, deal +1d6 damage.

Vicious Opportunist. (1/turn) When you hit a Distracted target with a melee attack, you may change the Primary Die roll to whatever you like (changing it to the max value counts as a crit).

Distracted. A target is Distracted if it is adjacent to or Taunted by an ally, or if it cannot see you.

LEVEL 2 **Cheat.** You're a well-rounded cheater. Gain the following abilities:

- (1/round) You may either Move or Hide for free.
- (1/day) You may change any skill check to 10+INT.
- If you roll less than 10 on Initiative, you may change it to 10 instead.
- You may gain advantage on skill checks while playing any games, competitions, or placing wagers. If you're caught though...

Magic? The Cheat has some abilities that look magical—they **might** be, but don't **have** to be. You have your ways, okay? No need to explain how you did that, not even to the GM!

LEVEL 3 **Subclass.** Choose a Cheat subclass.

Sneak Attack (2). Your Sneak Attack becomes 1d8.

Thieves' Cant. You learn the secret language of rogues and scoundrels.

UNDERHANDED ABILITIES

"Creative" Accounting. Steal up to INT actions from your next turn (Gain up to INT actions now. The next time you would gain actions, subtract the number stolen). You cannot use this 2 turns in a row.

Exploit Weakness. Action: Make a contested INT check against an enemy. If you win, you can use Vicious Opportunist against them, even if they are not Distracted. This lasts for 1 minute or until you use this ability against another target.

Feinting Attack. If you miss for the 2nd time in a single round, you may change the primary die roll to any result instead.

How'd YOU get here?! 2 actions: "Teleport" up to 4 spaces away, adjacent to a Distracted target, and make a melee attack against them. If you crit, you may "teleport" again.

I'm Outta Here! When an ally within 4 spaces is crit, you may turn invisible until the end of your next

turn and then move up to half your speed for free.

Misdirection. Gain INT armor. Whenever you Defend, you may halve the damage instead.

Steal Tempo. When you land a critical hit for the second time on a turn, your target loses 1 action and you gain 1 action.

Sunder Armor (Medium). Action: When you crit an enemy with medium armor, sunder their armor. Until the start of your next turn, ALL melee attacks against that target ignore its armor.

Sunder Armor (Heavy). Req. Sunder Armor (Medium). Your Sunder Armor ability now also applies to enemies wearing heavy armor.

Trickshot. When you throw a dagger, it returns back to your hand at the end of your turn. On a hit, it ricochets to another creature within 2 spaces, dealing half as much damage to them.

LEVEL 15 **KILL.** When you crit an enemy with fewer max HP than you, it dies.

Sweet Talk. You may gain advantage on all Influence checks with NPCs you've just met for the first time. This lasts until you fail an Influence check with them or until you meet a 2nd time. You have disadvantage on Influence checks with them after you use this ability (until you get back on their good side).

LEVEL 7 **Pocket Sand.** (2/encounter—you've got to collect more sand!) When you Defend against a melee attack, Blind the attacker until the start of their next turn and force them to reroll the attack (Blinded creatures attack with disadvantage).

LEVEL 15 **Heads I Win, Tails You Lose.** (1/encounter) Attacks you make this round don't miss, you crit on 1 less than normally needed, and you gain LVL temp HP.

HUNTER

ARTIST: JOSEPH QIU

Respect the forest and her children, and she will bestow upon you many gifts. Long before the first stones of the grand kingdoms had been laid, there was *The Wild*. We Hunters called groves and fields home, just as the elk and boar still do. We have trained our minds and hearts as much as we have trained with bows.

For, there is great danger in becoming a Hunter: the intoxicating *Thrill of the Hunt* that washes over your body when stalking prey. Be warned—do not allow it to settle into your heart. For no true Hunter takes without recognizing what they have first been given: a soul, a meal... warmth, all at a cost—a life. And that should not be taken lightly. Wherever you roam, be it city or glade, mountain or valley, as long as *The Wild* is tenderly tucked into the depths of your heart, you will always be a Hunter. *May your arrows strike true and your bowstrings never break.*

- **Relentless Tracker.** As an expert survivalist, you mark your prey, becoming a shadow in pursuit, relentless and precise.
- **Master of the Wild.** Harness the Thrill of the Hunt to outwit your targets—set decoys, spring traps, and strike with lethal efficiency.
- **From Afar or Up Close.** Whether you're raining arrows from a distance or closing in for a personal takedown, your prey won't escape your reach.

MAGE

Elemental power flows through all things... find it, study it, and harness it. A mage is bestowed their first strand of the Tapestry at birth; however, true mastery eludes those who idly rest upon this innate endowment. Instead, they diligently refine their natural gifts through scholarly pursuit, with tomes and parchments as their companions, alongside the sage counsel of a seasoned mentor or three! Yes, this is the chosen path of those who would wield authority over the elements.

Comprehending the tapestry of mana is no trivial endeavor—it will yield its arcane secrets only to the earnest seeker of knowledge. Yet, once the adept learns to discern the subtleties of its intricate patterns as it unfurls and meanders into the ethereal expanse—it is in that moment the apprentice truly ascends to the mantle of mage. What makes a Mage:

- **Spellshaper.** Customize the spells you cast: stretch time, gain extra-dimensional vision, or echo cast multiple spells!
- **Elemental Mastery.** Harness the power of the elements, whether raining down fire from the heavens, freezing enemies in their tracks, or striking with thunderous bolts of lightning.
- **Chaos or Control.** Will you snatch control of the frayed tapestry of mana or lean into the forces of chaos? What awaits you... Diamond Skin? Elemental Entanglement? Liquefy Legs?

SHADOWMANCER

ARTIST: ASHE SAMUELS

Totally NOT evil. Why would you even say that? Great power sometimes comes from... horrible places. But what's the alternative, spend our entire lives... STUDYING?! Now *that's* horrible. Who'd want to waste their lives reading *books*—learning magic the hard way? *Work SMART, not hard.* Just scheme up a way to take what you need from someone who won't miss it—ancient horrors don't guard their power nearly as well as you'd think! And if there's power just laying around, it'd be dumb of me to not use it, really.

So what if I wear black and have to occasionally sacrifice an animal here and there while chanting? Does that automatically mean I'm evil? *Pfft, *hardly! Not every ANCIENT HORROR is the same; that's like saying *crow black* and *spider black* are the same. Okay, bad examples, but the point stands. If you're tired of swinging swords around and getting sweaty like a peasant, just summon a horde of shadow minions to do your bidding. They're always eager to serve! As a Shadowmancer:

- **Unspeakable Power Awaits.** Use your cunning to forge pacts with ancient, unfathomable entities, drawing upon their incomprehensible power to crush foes and bend the shadows to your will.
- **Master Shadow Minions.** Summon legions of shadowy minions to overwhelm your adversaries and bolster your magical abilities. Let them swarm your foes, serving as both sword and fodder in your quest for dominance.

Eldritch Sense. You can sense the presence of any shapeshifter or creature concealed by magic while within 6 spaces of them.

Gaze of Two Minds. Touch a willing creature and perceive through its senses instead of your own for as long as you hold concentration.

Knowledge from Beyond. Whenever you fail an Insight or Arcana check, you may suffer 1 Wound to succeed instead.

My Favored Pet. One shadow minion can begrudgingly tolerate you outside of combat. It can (very creepily) do any menial task a below average commoner could.

Voice of the Dark. You can communicate telepathically with a humanoid within 6 spaces.

Whispers of the Grave. (1/day) You can ask a dead creature 3 yes/no questions. It can never be questioned this way again.

GREATER INVOCATIONS

Armor of Shadows. Reduce all damage you receive by an amount equal to the number of minions you have.

Fiendish Boon. Increase your DEX or INT by 1. You have 1 fewer maximum Hit Dice.

Hungering Shadows. Whenever one of your shadows would crit, the next tiered spell you cast this encounter does not cost a use of Pilfered Power.

One with Shadows. Action: When you are in an area of dim light or darkness, you may become Invisible until you move or attack.

Repelling Blast. When you hit a Medium or smaller creature with Shadow Blast, you can push the creature up to 2 spaces away from yourself.

Shadow Magus. Your minions gain +4 Reach and deal d10 damage instead.

Shadow Spear. Your Shadow Blast can target creatures twice as far away, it ignores cover, and you may attack Prone targets with advantage with it (instead of disadvantage).

Shadow Rush. When your shadow minions attack, instead of rolling damage, you may have any of them deal the max amount, then die.

Shadow Warp. Action: Switch places with a creature within 12 spaces that has been dealt necrotic damage this turn.

Swarming Shadows. Whenever one of your shadows would crit, summon another shadow minion adjacent to the target.

Vengeful Blast. Whenever a minion dies, you may cast Shadow Blast as a reaction (even if you already cast it this turn).

Supplicate. Whenever you commune with your Patron on a Safe Rest, you may beg them to allow you to choose different Shadowmancer options (they may ask for something in return).

A detailed fantasy illustration of a Shepherd. The character is a woman with pale blue skin and short, wavy white hair, wearing a purple robe with gold embroidery and a fur-trimmed collar. She stands in a snowy landscape, holding a long staff with a crescent moon emblem. Her right arm is raised towards a bright yellow bird flying in a purple sky. A golden retriever sits in the foreground, looking up at her. The background features snow-covered ground, distant mountains, and falling autumn leaves.

SHEPHERD

ARTIST: SEAN VIMES

Let all who are afflicted come. I will mend thy bones and soothe thy wounds. Thou shalt reverence the gifts of life and death, neither of which is ever given or taken. Rather, we are all souls merely journeying between this realm and that of the beyond. But alas, often do these wandering souls find themselves bereft of guidance. Thus falls upon the Shepherd the solemn duty—to be a beacon of light to those ensnared in darkness, and darkness to those who, in hubris, deem themselves to be the light.

For many, the journey of service is a difficult path—yet, in this task we are not solitary. Our Lifebinding Spirits, the steadfast companions of our faith, are bound beside us, comforting and aiding us in the stewardship we've been given. As a Shepherd, you:

- **Embrace the Balance.** Embody the forces of Life and Death, wielding spells from your chosen domains. As you walk the path of balance, ponder which way the scales shall tip: towards healing or harm?
- **Lead a Faithful Companion.** Summon a Lifebinding spirit to your side, providing invaluable support in battle. Whether bolstering allies with healing or smiting foes with righteous fury, your spirit companion stands ready to aid in the struggle.

Lifebinding Spirit. (Radiant Spell, Tier 1)

- Action: Summon a spirit companion that follows you and is immune to harm. It lasts until you cast this spell again, take a Safe Rest, or it heals a number of times equal to the mana spent summoning it.
- Action: It attacks or heals a creature within Reach 4. It attacks for $1d6 + WIL$ radiant damage (ignoring armor), or heals for the same amount.

Upcasting: Increment its die size by 1 (max d12), +1 healing use.

Flavor is Free. Your Lifebinding Spirit can take the form of any small/tiny friendly animal or similar creature (dog, lamb, rabbit, sparrow, etc.). Make sure you give your little buddy a name, too! Outside of combat, your companion is a spirit, so it can pass through walls and dangers harmlessly and briefly move away from you (but always prefers to be faithfully at your side). It cannot speak.

Rushed Attacks and My Companion? You and your companion use the same action pool, but count as different creatures. So you can each attack once without Rushed Attacks every round. Teamwork! (see pg. 13 of the Core Rules)

SACRED GRACES

Assist Me, My Friend! Whenever you make your first melee attack each round, you may add your Lifebinding Spirit's damage to the attack.

Empowered Companion: Whenever you spend mana to call forth your Lifebinding Spirit, you cast it as if you spent 1 additional mana (ignoring the typical spell tier restrictions). The maximum die size is now a d20.

Guiding Spirit. When your Lifebinding Spirit rolls a 6 or higher on its damage die, the target begins to glow with radiant light. The next attack against that target has advantage.

Hasty Companion: +4 Reach for your Lifebinding Spirit. It can also act for free when summoned.

Illuminate Soul. Action: A creature within 6 spaces begins to glow with radiant light. For 1 Round, attacks against them are made with your

choice of advantage or disadvantage. You may do this WIL times per Safe Rest.

Light Bearer. Regain 1 use of Searing Light when you roll Initiative (this expires if unspent at the end of combat).

Not Beyond MY Reach. You may target creatures who have been dead less than 1 round for healing. For every 10 HP a dead creature is healed this way, you may have them recover 1 Wound instead (you must heal at least 1 Wound to revive them).

Vengeful Spirit. Action: Your Lifebinding Spirit sacrifices itself to transform into a swirling vortex of radiant light. At the end of your turn, it damages all enemies within 3 spaces of you, ignoring armor and cover. This lasts for a number of rounds equal to the healing charges left on the Lifebinding Spirit. This effect ends early if you summon your spirit again.

Serve. After spending a day tending to a sacred place or serving others during a Safe Rest, you may choose different Shepherd options available to you.

SUBCLASSES

—LUMINARY OF— MERCY

LEVEL 3 **Merciful Healing.** When an effect caused by you heals a Dying creature, they are healed for twice as much. (1/round) Your Lifebinding Spirit can act for free while you are Dying.

Life is Beautiful. Harmless and lovely creatures such as butterflies and humming birds are attracted to your presence and often follow you. Flowers bloom more vibrantly in your presence.

LEVEL 7 **Conduit of Light.** When an effect caused by you would heal HP, you may expend 1 use of Searing Light to heal (or damage, ignoring armor) another target within 6 spaces of yourself for the same amount.

LEVEL 11 **Powerful Healer.** (WIL times/Safe Rest) Whenever you would roll dice to heal damage, you may instead heal the max amount you could roll, or give that many temp HP.

LEVEL 15 **Empowered Conduit.** Your Conduit of Light may target 1 additional creature. Regain 1 charge of Searing Light when you roll Initiative (this expires if unspent at the end of combat).

—LUMINARY OF— MALICE

LEVEL 3 **Soul Reaper.** When you use Searing Light to harm an enemy, make a 2nd enemy within range take the same amount of damage (ignoring armor).

Harbinger of Decay. Vibrant colors and lovely smells are suppressed near you. Foods spoil more rapidly in your presence, and you frequently awaken to flies wherever you lodge. You may have your Lifebinding Spirit shift into a deathly version of itself (a zombie dog, a devious imp, etc.) and have its damage type become necrotic.

LEVEL 7 **Veilwalker's Blessing.** (1/Safe Rest) Reaction (when you would drop to 0 HP): Drop to 1 HP instead and force an enemy within 6 spaces to make a STR save. On a failure, they become Bloodied, or if they are already Bloodied, they drop to 0 HP.

LEVEL 15 **Conduit of Death.** Your Veilwalker's Blessing ability recharges when you roll Initiative. This charge is lost if unspent at the end of combat.

SONGWEAVER

Just TRY and resist my charm... *wait—NO, don't!* Each Songweaver holds a spark granted to them by a muse at birth; a spark which fuels their creative energy and flows forth in the form of a sharp wit, relentless humor, or moving art.

The power of a Songweaver's spark is also evident in their powerful sway over others. Songweavers can bolster and infuse courage in their allies, or... make their enemies' brains leak out through their ears. The Songweaver can bring a whole new meaning to verbal abuse! They can even redirect the (often justified) attacks of others, in order to protect their own moneymakers. As a Songweaver, you can:

- **Charm** the hapless people you meet and inspire your allies to reach fantastic new heights of heroism!
- **Use your Lyrical Weaponry** and powerful charisma to dominate enemies and call special friends to aid you in your journeys and battles. You can even redirect attacks away from yourself and make enemies attack their own allies!
- **Control the Battlefield** with a chord of chaos, a rad heroic ballad, or a debilitating rhapsody; make your allies and enemies alike dance to your tune!

LYRICAL WEAPONRY

Heroic Ballad. +2 max Songweaver's Inspiration charges. When used to reroll an ally's attack, your Songweaver's Inspiration also grants them +WIL damage on the attack.

Inspiring Anthem. (1/encounter) Action: Grant all friendly Dying creatures who can hear you 1 HP and 1 action.

Not My Beautiful Faace! (1/encounter) When you Defend, force the attacker to choose another target within range on a failed WIL save (if there is none, the attack fails). If they fail by 5 or more, they attack themselves as punishment for even thinking they could harm you! On save, they attack you with disadvantage.

Rhapsody of the Normal. When you roll 4 or more on your Vicious Mockery, you may spend a Songweaver's Inspiration charge to temporarily suppress any special abilities they have until the end of their next turn. They can do only what an untrained average villager can do, attack once for 1d4 damage and move up to 6 spaces (no armor, spellcasting, flying, regeneration, other inherent or trained features).

Song of Domination. (1/encounter) 2 actions: Play a bewitching tune, and all enemies within 6 spaces who hear it must make a WIL save. If they fail, you move them up to 6 spaces in any direction, and they cannot move on their next turn.

Perform! Whenever you perform in a place that inspires you, or exchange barbs with another competent wordsmith during a Safe Rest, you may choose different Songweaver options available to you.

A “PEOPLE” PERSON

Stompy. 3 actions: Summon a huge hill giant for 1 round. As he enters the battlefield adjacent to you, use **Stompy's Stomp:** Make a DC 10 Influence check.

On a success, he moves 6 spaces in a direction you choose; on a failure, he moves towards YOU instead ("YOU NOT FRIEND!"). He deals everything in his path damage equal to LVL+Influence check. ANY creature within 6 spaces of Stompy can use this ability once instead of an attack.

Mal, the Malevolent Imp. Summon a tiny fiend for 1 night. He can find out dangerous information you have no right to know! Or "take care" of a problem with only the slightest chance of things going wrong. Make an Influence check to convince him to help you

(advantage if you ask him to do something he would find mischievous or fun; with disadvantage if it is something he would find good or menial).

Gran Gran (NOT a hag). When resting, you may summon her for 1 hour to soothe your wounds (and hassle you for not eating enough). She bakes and hands out pastries equal to your WIL+INT. Eating one recovers one mana, Hit Die, or Wound. Eat them while they're warm! They expire in 10 minutes.

Linos, the Everfriendly. Summon a legendary flying (but friendly) creature to take you and your party wherever you need to go. He may request a very large amount of food as payment.

Flavor is Free. If you'd rather have a more traditional bard type—a keeper of ancient legends—instead of people you know, the characters above can be reflavored as famous legends from history that you can magically summon via song. Feel free to work with your GM to make it happen. As long as the mechanics stay roughly the same, have fun!

SUBCLASSES

—HERALD OF— SNARK

- LEVEL 3** **Opportunistic Snark.** Reaction (when an enemy within Range 12 misses an attack): You may cast Vicious Mockery at them; it deals double damage when cast this way.

—HERALD OF— COURAGE

- LEVEL 3** **Inspiring Presence.** Whenever you use Songweaver's Inspiration, your allies within 12 spaces who can hear you gain WIL temp HP.
- LEVEL 7** **Unfailing Courage.** Your presence inspires others to feats of heroism and courage heard of only in legend. Your Songweaver's Inspiration allows your target to roll with advantage.
- LEVEL 11** **Fire in my Bones.** Your Songweaver's Inspiration also grants your target 1 additional action.
- LEVEL 15** **Chorus of Champions.** (1/encounter) Free Reaction: Give all party members 1 action.

Making Your Own People. You can work with your GM to swap out Stompy, Gran Gran, Mal, and Linos for your own creations if you like. 1 in-combat person whose damage scales with your level (see other spells and abilities for appropriate amounts of damage or other effects), 1 out-of-combat support person, 1 who can help in narrative situations, and 1 who can give sporadic utility. Follow that broad pattern and you'll be fine!

If you find yourself never wanting to use one, make it slightly stronger; if you're using it too frequently, consider bringing the power level down slightly or adding some other drawback.

STORMSHIFTER

ARTIST: EARL LAN

The trees whisper their excitement, the clouds sing with glee. Rejoice! The Master of Storm & Fang arrives. All who would seek passage through the ancient grove, heed this warning: Do not provoke the forest or its inhabitants. Beseech for passage humbly, even if its guardian is unseen, rest assured that *you...* are not.

Those who traverse the woodlands may feel the vigilant gaze of a Stormshifter upon them. Legend speaks of an ancient union between mortal and dryad, birthing beings capable of wielding lightning and tempests as others wield blade and shield. This is but half the tale.

Wanderers recount encounters with beings, some wise and benevolent, others fearsome, with claws that sparked with lightning and pelts sharp as daggers. They are as one with storm and beast, embodying the serene beauty and raw power of nature's grace. As a Stormshifter, you can:

- **Aid your allies** in whatever role is most needed.
- **Wade into the fray** as a shapeshifted beast ranging from friendly to vicious, indomitable, or *HORRIBLE*.
- **Cast powerful spells** from a distance to strike down, control, mend, and more.

Prehensile Tail. Creatures you hit in melee that are your size or smaller are Grappled. If you hit a larger creature, you may move with it when it moves.

Winged. Gain a flying speed. Forced movement moves you twice as far while flying.

Be Wild. Whenever you spend a day with wild animals during a Safe Rest, you may choose different Stormshifter options available to you.

LEVEL 7 **Unleash the Beast.** (1/encounter) When you miss, you can crit instead.

LEVEL 11 **Master of Forms.** Your shapeshift forms can have 2 Chimeric Boons at a time.

Venomous Gaze. (1/encounter) Action: Spend 2 mana to shift into a Beast of Nightmares. If they end up in the same space as you, you may Sting them for free.

LEVEL 15 **Master of Forms (2).** You can Beastshift 2 additional times per Safe Rest. Choose 2 additional Chimeric Boons. Your Direbeast forms can have 3 at a time.

ZEPHYR

ARTIST: EARL LAN

A Zephyr dedicates their life to the relentless pursuit of kinetic perfection. They hone their bodies into blurs of motion, training from a young age in remote wilds or mountain monasteries, wielding speed to unleash blows that echo through their foes and slip past attacks like a whispering wind. *Speed* is both their weapon and shield.

Through ceaseless training, they harness their inner momentum to achieve feats of supernatural agility, executing every motion with flowing precision. The Zephyr is:

- **Unarmed and Dangerous.** When unarmed and unarmored, you're a relentless force on the battlefield. Absorb blows and deliver devastating strikes, leaving foes in awe of your tenacity and speed.
- **A Graceful Combatant.** Move with unparalleled speed and determination, outpacing your allies and foes alike. Seize the initiative and strike swiftly, ensuring you're always at the forefront of combat. Your reflexes allow you to retaliate with precision and turn enemy strikes into opportunities for devastating counterattacks.

Airshift. You cannot be Grappled while conscious. While moving, you may travel across all terrain as normal ground, ignoring all ill effects (e.g., walls/ceilings, water, treetops, lava, spikes, clouds).

Blur. (1/encounter) When you Defend, you may first move up to half your speed away, taking no damage if you are now out of range or have Full Cover.

Bodily Discipline. You may spend 1 action to end any non-Wound condition on yourself.

Enduring Soul. Each time you roll Initiative, gain Hit Dice equal to the actions you get on your first turn. These Hit Dice expire at the end of combat if unused.

I Jump On His Back! While moving with your Windstep, if you move into the space of a creature your size or larger, you may jump onto its back. While on a creature this way, gain advantage on melee attacks against it, and any damage you avoid is dealt to it instead.

Kinetic Barrage. Whenever you miss an attack, gain a cumulative +STR bonus to all damage you do

for the rest of this encounter (a disciplined martial artist does not miss on purpose).

Mighty Soul. You cannot be moved against your will. Whenever you would fail a saving throw, you may gain a Wound in order to add your STR to the result you rolled. You may repeat this any number of times.

Quickstrike. When you Interpose, you may first make an unarmed strike against the enemy for free.

Use Momentum. Whenever you avoid all of the damage of a melee attack (whether it misses or you Defend), you may swap places with the attacker and then choose another target that is now within the attack's reach, and they are hit instead.

SUBCLASSES

—WAY OF— **PAIN**

LEVEL 3 **Bring the Pain.** (1/round) You may turn any melee attack against you into a crit. Whenever you are crit, reduce the damage by half. The attacker takes the same amount of damage you took (ignoring armor). You may suffer 1 Wound to double the damage the enemy takes.

STORY-BASED SUBCLASSES

Sometimes the story you play takes a dramatic turn: all but one party member dies, your Patron betrays you, you save the life of a beast that now refuses to leave your side...

These moments may call for an equally dramatic shift in the class you're playing, thus the story-based subclasses. Generally, these are not appropriate to pick at level 1. At your GM's discretion, these can be chosen at any point in a campaign when a story demands it, replacing your existing subclass.

These classes may be a bit more mechanically involved and better suited for more experienced players, but these subclasses are NOT more powerful than others, just different.

OATHBREAKER

OATHSWORN

OATHBREAKER

—FALLEN, SEEKING REDEMPTION—

Dark Benediction. Fallen from the light, but not entirely. You lose access to the following Radiant spells: True Strike, Heal, and Warding Bond; and gain access to the following Necrotic spells: Entice, Shadowtrap, and Dread Visage. Whenever you can choose a Utility Spell, you may choose a Radiant or Necrotic one.

Paragon of Power. (Replaces Paragon of Virtue) Advantage on Might checks when attempting to intimidate others.

Aura of Suffering. You gain an aura with a Reach of 4 and can Interpose for an ally anywhere within your aura; however, your Radiant Judgment ability no longer triggers when attacked. Instead, it triggers whenever you *could* Interpose *but don't*.

LEVEL 3 We All Suffer. Gain +2 max Wounds. When an ally within your aura would gain any Wounds or fail a save, you may suffer the effect instead and trigger your Radiant Judgment ability.

Bring Me Your Pain. Reaction (When a willing ally within your aura would drop to 0 HP): Switch HP with them (if your current HP is higher than their max HP, they gain Temp HP equal to the difference), dropping to 0 hp and gaining the Wound instead.

LEVEL 7 Torment. Your Lay on Hands heals you for twice as much, and others for half as much. When you deal damage, you can expend healing power from your Lay on Hands pool to increase the damage dealt by an amount equal to the points spent (ignoring armor).

LEVEL 11 Exploit. Reaction (whenever an ally within your aura Defends), you may expend your Judgment Dice to force an enemy within your Aura to Interpose (a creature cannot interpose against its own attack).

LEVEL 15 Bloody Terror. Attacks against you gain 1 instance of disadvantage for each Wound you have (max 3).

SPELLBLADE

COMMANDER

SPELLBLADE

—STEEL MEETS SPELL—

Arcane Command. Your focus on the arcane causes you to lose access to Weapon Mastery and Combat Tactics, but you now gain INT mana when you roll Initiative (this mana is lost if unspent when combat ends). Whenever you could choose a Combat Tactic or Weapon Mastery, instead choose another Commander's Order or a tier 1 (or lower) spell from any spell school. Your Commander's Orders are also empowered with magical power:

- **Face Me! (Glimmering Decree).** Reaction (after an ally within 12 spaces is crit): That enemy takes STR d8 radiant damage (ignoring armor), is pulled up to 4 spaces toward you, and is Taunted by you until you drop to 0 HP.
- **Move it! Move it! (Borne upon the Wind).** When you roll Initiative, you may give yourself and an ally advantage on the roll, +3 speed, and the ability to fly for 1 round. Then, you both can also move for free.
- **Hold the Line! (Crystalline Armor).** (1/encounter) Reaction (when an ally drops to 0 HP): Command them to continue the fight! Set their HP to $3 \times$ your LVL. Additionally, they gain that many temp HP. Enemies who reduce this temp HP in melee have their speed halved until the end of their next turn.
- **Reposition! (Flashstep).** Action/Reaction (on an ally's turn): Command 1 ally to move up to their speed (or 2 allies up to half their speed) for free. You may exchange places with one of them.
- **I Can Do This ALL DAY! (Rising Phoenix).** (1/encounter) Reaction, (when you would drop to 0 HP): You may expend any number of Hit Dice, set your HP to the sum rolled instead, and deal that much fire damage to each enemy within 2 spaces of you. They gain the Smoldering condition.
- **Coordinated Strike! (Withering Strike).** Any attacks made this way deal additional Necrotic damage equal to the max value of your Combat Die. An enemy damaged this way is considered undead for 1 round.

LEVEL 3 **Firebrand.** When you roll Initiative you may cast Enchant Weapon for free (can be upcast as normal by spending additional mana).

Deep Knowledge (1). Choose any tier 1 (or lower) spell and any Utility Spell.

LEVEL 7 **Deep Knowledge (2).** Choose any tier 2 (or lower) spell and any Utility Spell.

LEVEL 11 **Deep Knowledge (3).** Choose any tier 3 (or lower) spell and any Utility Spell.

LEVEL 15 **Deep Knowledge (4).** Choose any tier 4 (or lower) spell and any Utility Spell.

REAVER

ARTIST: CHEN GUIXIN

SHADOMANCER

REAVER

—CAST ASIDE, BORN ANEW—

Hollow One. Cut off from your patron, you can no longer cast Shadow Blast and you can no longer cast tiered spells using Pilfered Power. However, as a parting token, you have stolen a secret from your patron: The magical Bonescythe, a weapon of sinew and bone, infused with shadowy magic.

Bonescythe. Action: Summon a magical Bonescythe, a melee weapon: 2d12 slashing+DEX necrotic damage to each die (Reach: 2). It shatters after you hit with it (or when combat ends). Any Invocations affecting Shadow Blast affect your Bonescythe Instead.

High Levels. Every 5 levels, add 1 extra damage die (Level 5: 3d12, Level 10: 4d12, etc.).

LEVEL 3 **Shadow Exploit.** Sacrifice a shadow minion to cast a spell at the highest tier you have unlocked. Each subsequent spell you cast in this encounter costs 1 additional minion.

Martyr Spawn. Whenever you Defend, you can sacrifice a shadow minion to take no damage.

LEVEL 7 **Grim Harrow.** When you strike with your Bonescythe, you may divide the dice as you choose amongst any number of adjacent targets within Reach.

Reap. When your Bonescythe crits, or kills a creature, summon a shadow minion for free.

LEVEL 11 **My Blood, My Power.** You may take 1 Wound to cast a tiered spell you know at the highest tier you have unlocked.

Otherworldly Might. Advantage on concentration checks if you have any shadow minions.

LEVEL 15 **I'm the Patron Now!** Summon 2 shadow minions for free when you roll Initiative.

BEASTMASTER

ARTIST: EARL LAN

HUNTER

BEASTMASTER

— TOGETHER, UNSTOPPABLE —

Beastmaster. Choose a Small, Medium, or Large animal as your companion. Instead of your first 2 Thrill of the Hunt (TotH) abilities, you can select *Go for the Throat!* and *Protect Me!* to use with your companion.

No Stats or Actions to Track! Your companion's HP and movement are abstracted; it knows where it is most needed without being told—whether defending you or attacking your quarry. It is smart enough, and you are caring enough, to make sure it is never put in mortal danger.

Extra Abilities? At the GM's discretion, your companion can also do anything the base animal can do: fly, sniff out scents, be used as a mount, etc. Even more complex actions like Grapple or Help may be doable if it makes sense (you'll need to spend 1 action to command it though—it isn't smart enough to do so on its own).

SMALL COMPANION (*Cat, Bat, Hawk, Raccoon, Rooster, Ferret, etc.*)

- **Keen Eyes.** (1/encounter) Mark a target for free. **Level 7.** 2/encounter. **Level 11.** 3/encounter.
- **Protect me!** (1/encounter) Whenever you Defend, your companion distracts the attacker, causing the attack to miss, and you move up to half your speed away. **Level 7.** 2/encounter.
- **Go for the Throat!** (1/encounter) Costs 1 TotH charge: Your companion attacks your quarry for 1d4+LVL damage for free (ignoring armor). **Level 11.** 2/encounter, 1/round. **Level 15.** 3/encounter, 1/round.

MEDIUM COMPANION (*Wolf, Boar, Panther, Vulture, Giant Spider, etc.*) Req. Level 3.

- **Ferocious.** Whenever you or your companion crit your quarry, your companion attacks again for LVL damage (ignoring armor), and you can move up to 2 spaces for free. **Level 7.** 4 spaces. **Level 15.** 6 spaces.
- **Protect me!** When you Defend, your companion may first attack that creature for 1d4+LVL damage.
- **Go for the Throat!** (1/encounter) Costs 1 TotH charge, action: Your companion attacks your quarry, for 1d8+(3×LVL) damage (ignoring armor). **Level 11.** 2/encounter.

LARGE COMPANION (*Lion, Owlbear, Elk, Giant Scorpion, Drake, etc.*) Req. Level 3.

- **Alpha Protector.** Damage from the first attack against you each round is halved.
- **Protect me!** (1/encounter) After you gain a Wound, your companion can whisk you away to safety up to 12 spaces. **Level 7.** You are whisked away before gaining the Wound. **Level 15.** 2/encounter.
- **Go for the Throat!** (1/encounter) Costs 2 TotH charges, 2 actions: Your companion attacks your quarry for 1d12+(4×LVL) damage (ignoring armor). If that creature dies, you may deal half as much to another creature within Reach 4. **Level 11.** 2/encounter.

Note. Your companion's attacks count as your own for gaining TotH charges. Abilities that spend TotH charges cannot miss nor can they generate new charges. Unused charges are lost when combat ends.
